

# Blackboard Exams: Setting Testing Accommodations

Within Blackboard exam settings, you facilitate various testing accommodations, including

3. The students you selected will appear in the "Test Availability Exceptions" section. Here you will have various options to customize for each student.

a. Attempts: The default settings are set for Single Attempt. If you want, you can change that option to Multiple or Unlimited Attempts. Simply click on the dropdown arrow to select the number of attempts.

b. Timer: To adjust the test time for that student, adjust the minutes within that box. Please
